# Domestic Mailbox Solutions

## A Well-Received Eavesdropper:

### *Fence Mounted Mailboxes for Detached Family and Multi-family Houses*

Finally: Your dream house is finished. Or perhaps you've just completed the restoration or put in a new fence around your property. Now is the time for a new mailbox: put a new, long-lasting mailbox generation to work - and reflect for a moment on the smart alternative to conventional mailboxes. The fence mounted mailbox specially designed just for this type of installation, combines outstanding design, high functionality and supplementary security.

The great thing about it: burdensome construction on your house or property is as unnecessary as the daily entering of your property by the mailman.

This way you can have the fence mounted mailbox as unique as your desires. The most diverse design solutions and details, combinations and versions are possible - you are certain to find your ideal fence mounted mailbox. But in case you don't, our field specialists would be happy to help you with your selection and configuration.

# Likno.

A special design paired with high functionality, and that in a series - that's what distinguishes the new model Likno. With Likno you have a choice between galvanised and powder coated steel sheeting, or complete high-quality stainless steel.

The equipment ranges from one mailbox, to an integrated or solitary newspaper holder, to the maximised version with a communication unit equipped with speaker, illuminated display and stainless steel doorbell buttons. A video module is as easy to integrate as a supplementary light button. Of course we also offer the complete package with integrated intercom system and corresponding door station.

Also as surface mounted version, free-standing or just as a newspaper holder, the application is almost limitless.

*XD 8002*

Realisation	Aufputz		Fence Mounted	
	Dimensions	Product No.	Dimensions	Product No.
Likno with Communication Unit and Newspaper Holder	495 x 481 x 175	XAD/XAS8000	495 x 445 x 195	XS/XD8000

# Sommerwind.

The name is programme. This sophisticated and original paneling version sweeps through our mailboxes like a fresh breeze in summer.

Until now only available for free-standing multi-units, Sommerwind is finally available for mailboxes integrated in a fence and surface mounted multi-units.

It's ideal for use in one- or two-family houses, but also larger multi-units can now be embellished trouble-free with this paneling.

The calculations are easy and convenient with our well-known calculation and graphic design software for multi-unit mailboxes.

# New Ideas on the Fence.

The classic fence mounted mailbox distinguishes itself through the mail slot on top or in the front, and rear retrieval.

That means you don't have to go around the fence or wall, but can comfortably retrieve the mail from within your property.

Mailbox S 2401 Houston	
Fence mounted mailboxes with rear retrieval door	
Dimensions:	265 x 375 x 90 mm
Material:	Galvanised steel sheet, powder varnished
Colours:	<ul style="list-style-type: none"> <li>- white, RAL 9010 (WE)</li> <li>- brown, RAL 8017 (BR)</li> <li>- light grey, RAL 7035 (LG)</li> <li>- ivory, RAL 1014 (BE)</li> </ul>

Mailbox S 2001 Atlanta	
Fence mounted mailbox with integrated newspaper holder	
Dimensions:	355 x 515 x 150 mm

View from rear

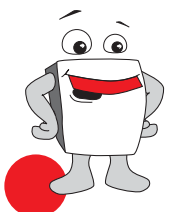

Mailbox S 4000 San José	
Fence mounted mailbox with rear retrieval door	
Dimensions:	380 x 330 x 120 mm
Material:	Galvanised steel sheet, powder varnished
Colours:	<ul style="list-style-type: none"> <li>- green, RAL 6005 (GR)</li> <li>- white, RAL 9016 (WE)</li> <li>- brown, RAL 8017 (BR)</li> <li>- black, RAL 9005 (SCH)</li> </ul>

**Tip 1:**  
 Also the models **Bobi S** and **D9200** are available as fence version **Bonbobi!**

**Tip 2:**  
 If you haven't found what you're looking for, take a look at page 40 ff. There you'll find mailboxes from the multi-unit mailboxes group, which are nevertheless thoroughly appropriate for EFH. Our field specialists would also be happy to help you further.

**Tip 3:**  
 The fence mounted mailbox models **Memphis, Ohio, Chicago Garden** and **Atlanta** are also ideal for free-standing. For this purpose a post FS-2 for concrete setting or FS-2-P for screw fastening with a foot plate is used. These are fastened under the mailbox with an included adapter plate (see page 111)

You don't want a classic fence integrated mailbox with rear retrieval, but rather just to install a mailbox on or near a fence? No problem, our service team has many solutions ready. Just ask!

S 2101

D 2101

S 2011

Fence Mounted Mailbox S 2011 Ohio	
Dimensions:	355 x 385 x 150 mm

Colours:	– blue, RAL 5002 (BL) – green, RAL 6005 (GR) – red, RAL 3000 (RO) – white, RAL 9010 (WE)
Special:	<b>S 2011-12:</b> with post horn, choice of white or black

Fence Mounted Mailbox S 2101 Chicago Garden	
Dimensions:	355 x 346 x 100 mm top insertion
Material:	Galvanised steel sheet, powder varnished
Colours:	– white, RAL 9010 (WE), – ivory, RAL 1014 (BE), – light grey, RAL 7035 (LG), – brown, RAL 8017 (BR), – black, RAL 9005 (SCH)
Version:	<b>D 2101:</b> Brushed stainless steel

**Note:**  
Because of the great number of fences on the market, our mailboxes are not provided with pre-drilled fastening holes. Either you can fit them to your fence yourself, or you can tell us the necessary hole dimensions and then receive your mailbox installation-ready.

Fence Version of the mailboxes from the Mailbox Collection with Rear Retrieval	
Dimensions:	400 x 380 x 145 mm (Exception: Richmond is 210 mm deep)
Box	Galvanised steel sheet, black powder varnished
Faceplate:	Aluminium, powder varnished, see versions starting from page 80
Versions:	Stainless steel boxes and faceplates, other versions see starting on page 81
Extra:	Possible with engraving and/or weather-resistant adhesive lettering

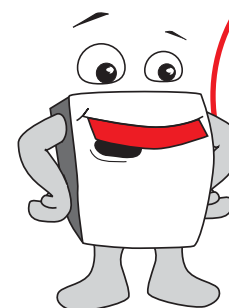

S 2201

Fence Mounted Mailbox S 2201 Memphis	
Dimensions:	355 x 330 x 100 mm
Material:	Galvanised steel sheet, powder varnished
Colours:	– white, RAL 9010 (WE) – brown, RAL 8017 (BR) – light grey, RAL 7035 (LG) – ivory, RAL 1014 (BE)
Version:	<b>S 2201 T:</b> box depth 150 mm

Example: **BS5508ZZ**, fence mounted mailbox from the **Mailbox Collection**, model **Alaska**

**Note:**  
The realisations of the faceplates and boxes correspond to the mailboxes of the **Mailbox Collection** starting on page 81.

**Here's a tip:**  
Here too, free-standing is possible. For this a free-standing set **BS 5560-2** for concrete setting or **BS 5560-3** for screw fastening is used, which is fastened under the mailbox (see page 111).

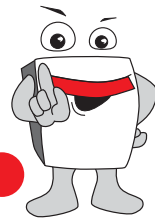

## Free-standing Single Unit Mailboxes: Not Just for Soloists.

Alongside the whole high-quality multi-unit mailbox community, there are true individualists with us. Right in front of detached family houses they evidence exemplary posture and wait day after day patiently for your mail.

So that they still look good after years of service, we set the highest standards for design, original-

ity and workmanship of these single unit mailboxes.

Whatever your special plans are: In our large range you are certain to find the suitable loner, to whom we'd also be happy to personally introduce you. Your field specialist will also help you with a whole series of useful tips along the way to your decision.

**Die Mailbox-Collection** – a series of high-quality designer mailboxes – is always composed of a basic mailbox with attached faceplate, and generally can be equipped with a free-standing set. The faceplates come in various designs or as a mounting for various functions like doorbell buttons, intercom systems, adhesive lettering, engraving and thru-engraving. The materials used are galvanised steel sheeting, stainless steel and aluminium. Insertion is from the top, the lock is on the right side. A lock on the left side and retrieval door on rear (e.g. for use as a fence mounted mailbox) is also possible.

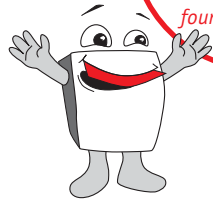

### **D/AL 9050 Big Max:**

This very large mailbox **Big Max** clearly borrowed a few things from the beloved US mailbox. For that reason, you'll find for example, a red arrow which indicates mail inside. Additionally, the box offers an integrated newspaper holder and lots of space for mail and newspapers. It comes in either powder varnished aluminium or stainless steel, and always included is a black powder varnished aluminium rectangular post.

**D/S 3150 Honolulu, DZ/SZ 3001 Springfield:**  
 a stainless steel mailbox in the classical design, with the option of a corresponding newspaper holder, free-standing for a small additional charge – this is certainly an interesting possibility for every homeowner. The mailbox **Honolulu** fulfills these requirements perfectly and thereby, becomes an essential component for the arrangement of a house entryway.

**Here's a tip:**

Technical information about the posts and free-standing sets can be found on page 116.

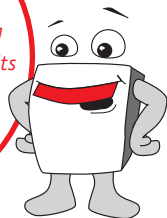

**D/S 2010 Ohio:**  
 This model embodies the classic mailbox. Design requirements and functionality meet here. The mailbox **Ohio** is suitable for all architectural forms and always comes across as timelessly elegant. Numerous combinations are possible with the stainless steel or powder varnished versions, including for example, the possibility to install a doorbell-speaker module, as well as the option of a realisation with a rear retrieval door.

**D 9000 Flash:**

Unique functionality (protected by utility patent), paired with stylish elegance – that's the mailbox **Flash**. A laterally extendable, separate roller-born inner compartment positively glides up to meet you upon mail retrieval. Also included are an integrated newspaper holder and a silently closing insertion flap. This really makes getting mail fun everyday.

**Note:**

Also possible as combination with communication component **K1001**. This results in communication center **X6000** see page 87.

**D 1001 L. A. with Newspaper Holder DZ 1001 L. A.:**

The mailbox **L.A.**, which can be combined with a suitable newspaper holder or made into a communication center by adding a communication component, unifies the highest quality and clear design to become a top class product. Equipment characteristics like the hydraulically muffled insertion flap and a 2 mm stainless steel front speak for themselves. Free-standing, this ensemble becomes the crowning feature of every entryway – without being imposing.

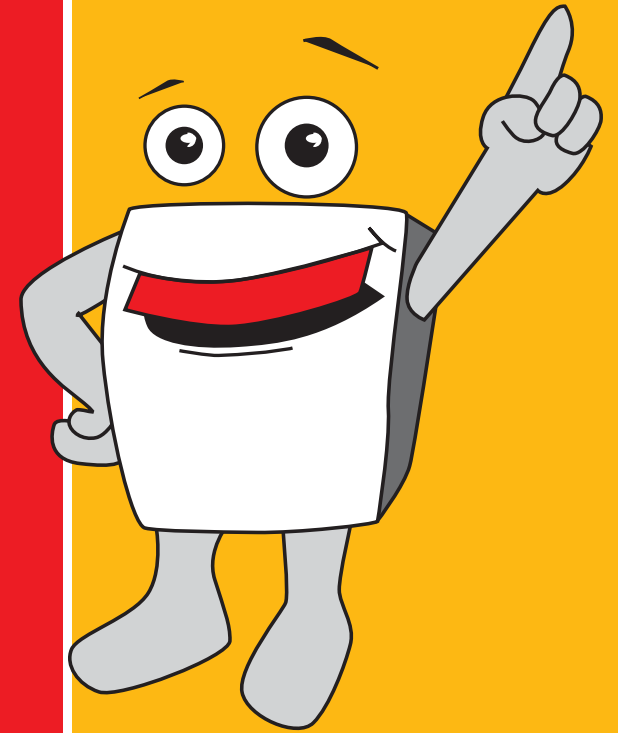

**D/S 2000 Atlanta:**  
 The mailbox **Atlanta** (available in the stainless steel or powder varnished steel sheet realisations), possesses in addition to a mailbox that holds a large amount of mail, an integrated newspaper holder. Expandable through equipment components like a speaker-doorbell module or as a fence mounted version with rear retrieval, this do-it-all caters to all homeowners' mail needs.
